

EXCURSIONS TO THIS CITY

An Arrangement That Benefits Business Men.

E. H. Prentice, agent of the Reno division of the S. P. R. R., has arranged for excursions to be run over the road every week from Truckee, Bo. ca, Floriston and Verdi to Reno and return. The rates will be one-half the regular fare, or one rate for the round trip.

Tickets will be good on the afternoon swing and No. 4 on Saturday and No. 6 Sunday morning. Tickets are good to return Monday.

This is the best concession ever made by the company in this State, the usual rates being a fare and a fifth to a fare and a third.

Undoubtedly many people up the road will take advantage of these rates, which go into effect today.

The excursions will greatly benefit the business people of Reno and they should provide some amusement for the visitors. Concerts by the new band should be in order.

Arrangements are also being made for an excursion to Carson on the 5th, with stop over privileges in this city.

Mr. Prentice is also making arrangements for excursions to Wells during the races. Cheap fares will prevail from Carlin, Terrence and other Eastern Nevada points.

This is the first fruits of the creation of the Reno division and many other benefits are expected to follow.

Valuations Cut Down.

The Board of Equalization held a brief session yesterday. H. M. Yerington appeared before the board and asked that the assessment of the Virginia & Truckee railroad in Washoe county be reduced from \$10,000 a mile. He produced figures to prove that the earnings of the road do not justify this valuation. The matter was discussed and on motion a reduction to \$8000 per mile was granted.

A similar reduction of \$2000 per mile was made on the track of the Nevada-California-Oregon railroad in this county.

Will Analyze the Floriston Water.

An analysis is being made of the substances turned into the Truckee river by the Floriston Pulp and Paper Company. If the results show that the chemicals are polluting the water for drinking purposes and likely to destroy the fish, steps will be taken by the District Attorney to have the fluids otherwise disposed of. The matter would have been attended to long ago if it were not that the Floriston Company is operating on the California side of the State line.

THE PLACE TO GO.

Take your watch, clock and jewelry repairing, diamond setting and engraving where none but expert workmen are employed. All work guaranteed by the Frank Golden Jewelry Company, leading jewelers of Nevada.

A New Strike at Pyramid.

There is on exhibition in A. Nelson's window a quantity of ore from the new strike made near Pyramid Lake by the Gold-Copper Exploration Company, an eastern corporation formed by Chas. Norcross and of which he is president.

The strike was made in the Norton-Bidwell claim, where the lead was tapped by an eighty-foot shaft and a seventy-foot drift. On the surface it was several feet wide and assayed fair values in gold and silver.

Where it was cross-cut the ledge had widened to nearly twenty feet and carried values clear across. Several feet will run \$20 and a smaller seam, several inches wide, assays \$115.48. The ore is free milling and the lead is well defined and promises to carry greater values with depth.

Twentieth Century Club Program.

A meeting of the Twentieth Century Club was held yesterday afternoon. It was largely attended. The following interesting program was rendered:

Instrumental duet Gladys Parry and Hepburn Michaels
Current Events Miss Hattie Rhodes
Villas of Italy Mrs. Church
Vocal solo Stella da Mor
Mrs. Hall
Miss Flora Northrup
Women of Italy Miss Grace Ward
Vocal solo Miss Ross

Farewell to the Knots and Spikes.

During the season just closed a number of cement sidewalks were laid in this city. Now the properties fronted by the old plank walks are at a disadvantage and do not command the rents they would if they were more modern in this respect. Before another year passes by the plank walk in Reno will be entirely relegated to innocuous desuetude.

Take Notice.

H. P. PAVOLA INFORMS THE PUBLIC THAT he is ready and able to make the finest pair of boots and shoes that were ever made in the State of Nevada, for coin or marbles. I have secured one of the finest workmen from San Francisco and I calculate always to do high grade work as long as I receive the patronage of the public. The work speaks for itself. Repairing nearly done. My place of business, No. 31 Commercial Row, Masonic Building sept21-1m

TO PARENTS AND STUDENTS.

Straining the eyes while studying means inflamed eyelids, headaches, nervousness, cross eyes, muscular weakness and thousand other defects. Parents should help to make studying a pleasure for children, instead of a task, by taking them to the Frank Golden Jewelry Company and having their eyes properly examined to see if there is any defect in the eyesight.

Framing a Specialty.

Not framing timbers, but framing pictures, new colors in mat boards, new rich mouldings and platinum reproductions of master paintings, harmonious combinations. Porteous Decorative Co.

TERSE AND TO THE POINT

Little Bits of Items, but Still Worthy of Mention.

Light northerly wind is the forecast for today.

Social dance at Ritter's Hall tonight. Good music and a pleasant time.

A son was born Wednesday to the wife of O. L. Brainard of Verdi.

The Riverside Mill Company is running day and night on new wheat.

The fishing season will close October 1st. Lovers of the sport will take notice.

All trains from the east were away late yesterday, owing to delays on the Union Pacific.

A. A. McFall has been succeeded as local station agent of the N.C.O. by H. C. Kitchum.

Captain Gosse will begin work on his three-story brick hotel Monday. M. J. Curtis has the contract.

The St. Margaret's Society of the Congregational Church will meet this afternoon with Miss Hattie Rhodes.

The senior University class will hold a picnic at Verdi today. The party will be chaperoned by Miss Edwards.

Prof. Anna H. Martin has resigned her position as head of the history department of the Nevada State University.

There are forty miners employed in Olinghouse canyon, near Wadsworth. The annual output of the mines is placed at \$200,000.

H. P. Kraus has obtained from the Town Trustees permission to erect in the public park the proposed statue of President McKinley.

Negotiations are said to be in progress for the sale of the reduction works of the Electric Mining and Reduction Company in this city.

Ledge Cut in the North Star Mine.

Good reports have come in from the North Star mine, owned by Nelson & Williams. A month ago the shaft ran out of ore on account of the dip of the ledge. A cross-cut has been run from the shaft and the ledge picked up. The rock has not been assayed, but looks equally as well as on the surface, where it hit three figures.

Bail and Chain Gang.

There are twenty prisoners in the county jail at present, the smallest number for many months. Half that number are daily employed on the chain gang. The prisoners awaiting trial are exempted from this duty.

From Roundsman to Miner.

Sam O'Haver has gone to Steamboat to work in the Senator Company's mine. Sam served the city well the past week or two as special policeman.

Wheelmen's Social.

The next entertainment by the Reno Wheelmen will be given next Thursday evening. It will be an entertainment and dance for members, their gentlemen friends and ladies. Admission will be 50 cents.

TELEGRAPHIC BREVITIES

News of the Day Presented in Brief Form for Perusal by Busy Readers.

A fruit syndicate is being formed at San Jose, Cal.

The Duke of Cornwall will be created Prince of Wales.

Free mail delivery has been instituted at Visalia, Cal.

The drought in India has been broken by copious rains.

Dawson City has now telegraphic connection with the outside world.

The Belgian coal miners have inaugurated a general strike.

The city of Guayaquil, Ecuador, has been swept by a million dollar fire.

There is a rumor that Lord Kitchener has resigned as commander-in-chief.

It is feared that the insurgents will make an attack on the City of Panama.

The forest fires in the Hawaiian Islands have been extinguished by heavy rains.

The Santa Fe railroad shops are to be removed from National City to San Diego.

Six men lost their lives at Newark, New Jersey, yesterday through an explosion.

The Pan-American congress will be held in the City of Mexico, beginning October 15th.

A Chinese woman was fatally shot by highlanders in San Francisco yesterday morning.

The bottom dropped out of the Schley inquiry yesterday and the court adjourned sine die.

Mrs. George A. Pullman was yesterday granted a divorce from her millionaire husband.

The government receipts from the war revenue alone were five and a half millions during August.

John Nikkoly, private secretary to President Lincoln, died Thursday at the age of seventy years.

Creseus, the trotting champion, went against his record yesterday but failed to approach it within two seconds.

It is believed that President Hays will sever his connection with the Southern Pacific Company on October 1st.

After fifteen minutes of hard fighting Thursday night, Benny Younger was given the decision over George Dixon.

Robert Raw, a prominent California mining man and politician, died yesterday morning at his home in San Francisco.

The failure of the yachts to cover the course within the time limit was the source of great disappointment throughout England.

A Parisian paper publishes the sensational news that England and Turkey are near to war. The report appears to be well substantiated.

The U. S. Navy Department will make another investigation of the Marconi system of wireless telegraphy. The first trial was very unsatisfactory.

The official returns issued shows that the South African concentration camps in August contained 137,619 persons. The deaths numbered 2345, of which number 1873 were children.

Assassin Czolgosz will die in the electric chair during the last week in October. He has broken down and it is believed that he will confess to a plot in the killing of the President.

Large Increase in Postal Receipts.

Reno continues to advance. An index to its growth is to be found in the postal receipts.

Postmaster Kraus says that the business of the office has increased \$144 a month for the last six months, a growth of 17 per cent. The receipts for September are 25 per cent greater than the same month last year. This is the greatest increase in the history of the town.

NOTICE.

The public is notified that Ed. Reed is not and for a long time has not been in our employ or authorized to represent us. He has nothing to do with the street paving which we are to do under contract with the town of Reno.

(Signed.)
228 FAIRCHILD & GILMORE.

DURHAM BULLS FOR SALE.

I have now here for sale twenty-six high-grade Durham Bulls that I can vouch for. They are of my own raising, by registered sires and out of either high-grade or full-blood mothers. Yearlings, not pampered for show purposes, deep red in color and the best lot of grades ever offered for sale in the State. W. H. PATTERSON.
Reno, Nev., Sept. 28, 1901. 2w

SOCIAL AND PERSONAL

Items About People Who Travel to and Fro.

W. H. Tuttle is over from Nevada City.

Will Parsons is down from Red Rock.

J. H. Holbrook is a visitor from Crockett.

Major Spriggs returned to the Reservation yesterday.

John Donnelly is up from San Francisco for a few days.

Hon. Trenmore Coffin came down from Carson yesterday.

Mrs. and Miss Branch were visitors from Wadsworth yesterday.

Mr. and Mrs. F. Morgan of Susanville are guests at the Palace.

Lord William Francis Graham Tower Talbot blew in from the west yesterday.

Sam Hodgkinson and Dr. Lewis are out in the Grizzly country on a hunting trip.

Tom D. Bates, advance agent for Ellsford's troupe, was in town last evening.

J. Levy of St. Louis paid a business visit to Messrs. Bryson & Cohn yesterday.

Ralph Mayers, the cattle buyer, was an arrival from San Francisco yesterday.

Mrs. M. A. Huber of Los Angeles, who has been visiting her sister, Mrs. George Bryson, leaves for home this morning.

James L. Butler, the founder of Tonopah, and J. H. Jenkins one of the principal stockholders in the company, are guests at the Riverside.

The Douglas County Creamery Company elected the following trustees last Saturday: C. M. Henningsen, Wm. Dangberg, Fred Helse, Louis Nelson and Wm. Settemeyer.

A Little Child Crosses the River.

Hans, the little son of Mr. and Mrs. Louis Berrum, died at an early hour yesterday morning at the home of his parents, No. 501 Virginia street. He was a native of Reno and was aged 2 years and 3 months. The funeral will take place tomorrow afternoon at 1:30 o'clock from the family residence.

Two Claims Sold.

Two claims a mile north of Wedekind City were yesterday sold for \$500 apiece cash. The new owners will prospect their property by means of a hundred foot shaft. The names of the parties interested in the deal cannot be made public at present.

Nevada Diamonds.

Mr. Gordon, of the Reno Division office, has returned from the eastern part of the State bringing samples of the coal recently discovered near Elko. It is a combination of anthracite and lignite and is steadily improving with depth.

MISSION TO BE GIVEN.

The Paulist Fathers, Wyman and Moran of San Francisco, will open a week's Mission in the Catholic Church Reno, commencing Sunday next, September 29th.

An augmented choir will render choice music for the occasion. All are kindly invited to attend the Mission.

Headquarters for Singer sewing machines, 17 O'Connor block. 5t

A New Court of Foresters.

The Reno delegation of Foresters that visited Court McKinley, No. 8976, the newly instituted lodge at Verdi, report having been treated in a very hospitable manner.

Following are the officers of the new Court:

Dr. W. L. Moore, J. P. C. R.; Geo. A. Leavitt, C. R.; H. F. O'Connor, S. C. R.; O. T. Stackpole, F. S.; G. M. Goodell, Rec. Sec.; G. W. Thompson, Treasurer; J. C. Woerner, S. W.; F. C. Monville, J. W.; P. H. Mitchell, S. B.; C. LaPoint, J. B. W. L. Moore, G. W. Burch, C. M. Bauer and Chas. Willis were elected as Trustees for the ensuing term.

Gave an Interesting Entertainment.

Mrs. Rule D. Meeke gave a recital at the Methodist Church last evening. Her selections were eulogical. The monologues and character sketches were very interesting, showing considerable power and originality. There was a very good house and the different numbers were greatly appreciated. The ventriloquist sketches were of especial interest.

Taking a Vacation.

Nelae Coffin, who has the second truck at the local passenger station, is taking a brief lay-off. He will visit San Francisco next week.

Extension Work Is Progressing Rapidly.

The grade for the extension of the Nevada-California-Oregon railroad is completed to Madeline station, a distance of sixteen miles from Terro and four miles beyond Van Loams. The steel rails are expected within the next two weeks and the track will probably be laid and trains be running to the new terminus within a month.

Now Plenty of Water.

Since the recent storm the Truckee has risen so that there is plenty of water for the manufacturing enterprises, despite the fact that the irrigation ditches are needlessly being run bank full.

Mining at Como.

The mill at the Hulley-Logan mine in Como is dropping only five of its ten stamps on ore from the mine of that name as the cyanide plant cannot handle the full crushing capacity of the mill. The ore resources of the mine so far developed are ample to run a stamp mill with a daily crushing capacity of 300 tons for an indefinite period with a cyanide plant equal to handling that amount of ore pulp.—Report.

Made His Escape.

A would-be burglar concealed himself in the Reno Mercantile Company's store night before last, shortly before the place was closed. He was discovered by Ed. Barber, who was the last to leave. The fellow made his escape.

FOR SALE.

Pianos of different styles and prices. The Wiley B. Allen Co. has just received a shipment of the finest pianos ever shipped to Reno for the price. Good people don't delay, now is the chance to get a nice piano from us. You can easily determine the proper firm to buy a piano from by calling and see for yourself.

THE WILEY B. ALLEN CO.,
Sewing Machine Office, O'Connor Block. sept21tf
T. S. M'KINLEY, in charge.

CARSON WON THE RELAY

Nevada Adds Another Laurel to Her Wreath.

Nevada has again been victorious over California in inter-state athletics. Yesterday the Carson Wheelmen's relay team defeated a team from Oak Park near Sacramento.

The visitors are esteemed good riders and were in high hopes of victory as they passed through Reno en route for the District Fair.

There was not a large attendance from Reno, some ill-feling having been worked up over the Wing-Koddie race last week.

Carson rode splendidly from start to finish at one time being a lap in the lead of the California boys. The latter partly closed the gap, but there was plenty of sunlight between the last two riders when the fiftieth mile was finished.

Carson has now "got a reputation," and the next thing in order should be a race with Reno for the championship of the coast.

It Wasn't Proper to Treat Him That Way.

The Report says that a well-known resident of Virginia City, who left for Reno last week attired in a tailor-made suit, glossy derby hat, and a pocket filled with coin, got financially stranded here on the day of his arrival and avouched for the night in the willows ringing the Truckee river. While asleep he was stripped of his tailor-made togs by the hobos and appeared in town the next morning wearing tattered overalls, a back-number bifurcated linen duster, over-sized hold-over arctic and a rimless deer disarmed by a Plute.

Commercial Row to Be Bitumenized.

Commercial Row will be bitumenized. Work will begin within the next ten days and is to be completed by the first of December. The asphaltum will be laid from the east side of Center street to the west line of Sierra street. Yesterday the Town Board let a contract for this work to the firm of Fairchild & Gilmore of San Francisco.

SALESMEN WANTED.

JOHN H. DENNIS, Editor

ROOSEVELT'S CHANCES FOR NOMINATION.

IT IS A well known fact that President Roosevelt accepted with the greatest reluctance the nomination for the Vice-Presidency, much preferring to be re-elected Governor of New York. When he was made Vice-President, the Republican machine in New York regarded him as being "placed on the shelf," and no longer a prominent factor in the politics of the Empire State, so the machine went to work to groom Governor Odell for the presidential nomination in 1904. While Roosevelt possessed great popularity throughout the country, it is not probable that he would have been able to command the support of the New York delegation in the next national convention.

But the succession of Roosevelt to the Presidency has changed the whole political situation so far as New York is concerned, and in the natural course of events, and the political conditions, President Roosevelt's chances for carrying the delegation of his state have increased to a maximum. He is hampered by no promises and Arthur's interference in the politics of New York state and city will doubtless prove a sufficient warning to him against his pursuance of a similar course, and his presence in the powerful office he now holds changes his position entirely as regards Senator Platt, Governor Odell and in fact the entire Republican organization. Of course nearly four years is a long time in the politics of this country and no one can foretell the changes that may occur in that period, but from present appearances Roosevelt certainly holds the whip hand for the nomination in 1904. His election is another matter.

THE POSSIBILITIES OF RENO.

THE rapid growth of Reno during the past few years is an indication of the revival of business in Nevada. Reno is an index for Nevada. Every State has its commercial center, Utah has her Salt Lake, Colorado her Denver and Idaho her Boise City. Reno, though slightly out of line geographically, must be the commercial center of Nevada and the State's metropolis.

Nevada has a wonderful future. We are just beginning to feel the impulse of a new life. The business conditions of Nevada have no political significance, and while we will for an instant anticipate the possible partizan argument that Nevada's prosperity is due to a Republican administration, it is apparent to all reasonable men and loyal minds that the conditions of prosperity in Nevada are due to natural conditions and opportunity. Nevada if anything would be more prosperous under a Democratic policy, which would revive silver mining and inaugurate an irrigation policy. So that the real fact is that Nevada is prosperous in spite of the Republican policy, due entirely to her inward growth, resources and general demand for her products.

All these general conditions must conduce to Reno's growth. The time has come in the history of Reno when large and substantial improvements should take place and her industrial advantages begin to attract capital. Reno should in a measure begin to cater to the trade of the State and use endeavors to draw industries to the banks of the Truckee, where electrical power can be cheaply used.

It is a fact that vast amounts of money lie idle in eastern cities awaiting an opportunity of investment. It is also true that in no section in the Union will capital bring a higher rate of profit than in Nevada. Take Reno today situated upon the high-ways of transcontinental commerce with a railroad penetrating a rich and unknown country to the north, with a railroad to the south destined to tap the Santa Fe, with a road east and west, Reno is as favorably situated as Salt Lake or Denver. Geography alone made Denver and Salt Lake and geography must make Reno.

The presence of a business agent of a great railway company in our midst is an encouraging sign that rates will be adjusted to Reno's advantage. Reno is a natural center for a number of manufacturing plants—a wool scouring plant to handle Nevada's wool—a great slaughtering and beef packing establishment to handle Nevada beef—large smelters to handle Nevada ores, and box factories for lumber adjacent to Reno are among the possible necessities. Then Reno herself needs a street car system, needs a four story hotel, needs a public library, any one project would bring a fair rate of interest.

The recent growth in Reno has been due to faith in Reno. The growth continues. The possible moving of the railroad shops here would be worth bonding the county for \$100,000 to secure them. A smelter like Selby's, vast factories and mills are all within Reno's reach. All it needs is an awakening, a little advertising, a little mild booming.

IT BEGINS to look as if it were going to be treason for any Democrat to again differ with the great Republican party. The arrogance of their present attitude, the tyranny of their press is nauseating to fair minded Americans. Perchance because the public man now espouses the cause of the oppressed he is to be branded as an accomplice

of an assassin. Perchance because some papers have the courage to oppose trusts they are to be branded as "yellow journals." The cowardly ruse of Republican papers to make political capital out of the death of the nation's President, is the most deplorable disgrace of modern times. McKinley was the nation's President, and the attempt to do politics over his memory is as criminal as the act of the man who shot the President. Democratic papers differed with McKinley's policy—none abused the individual. This country never witnessed a more cruel exercise of abuse than the trust Republican organs heaped upon Wm. Jennings Bryan. It is time the venal and ghoulish Republican press ceased their partizan and arrogant tone.

THE death of Jere Wilson, chief counsel for Admiral Schley, removes a distinguished member of the American bar. Jere as he was familiarly known was a typical American lawyer with a fund of bubbling humor and his name was a household word in Indiana. There are a number of young men in Nevada who have pleasant recollections of the distinguished juror as he was for years a lecturer on the law of evidence at one of the leading Washington law schools. His reputation was gained through his success as a criminal lawyer and he was connected with the defense in many of the famous criminal trials of the last half century.

NEVADA apples are beginning to attract the attention of the outside world. The Lewers ranch in Washoe county, the orchards of Unionville, in Humboldt county, the Riddell orchard, in Elko county are but samples and there are a thousand localities in Nevada at the base of mountains above the dangerous frost line where large orchards would grow and where a thousand families could make a living, yet the outside world does not know these things.

NEVADA is enjoying a great reputation for her creamery butter and the demand is far in excess of the supply. Gardnerville and the Carson Valley have become wealthy communities through their creameries. If a creamery can succeed in Carson Valley, why not in Lovelock, Paradise Valley, Lamaille Valley or Starr Valley? Lovelock is soon to demonstrate her success as a creamery is soon to open up and a few years will demonstrate splendid success. Now it is time for Elko county, the great stock, grass, and water county, to get in and build a creamery.

WHEN we begin to discuss the problems of bringing capital to Reno or Nevada we are met with the old adage that what is everybody's business is nobody's business and we are at once impressed with the necessity of a Board of Trade or an influential Chamber of Commerce.

"Have a Smoke?"
"CERTAINLY, if that's a 'Carl Dunder' the brand you get at A. Nelson's Cigar Store. It's the only brand my wife will permit me to smoke in the house. She dislikes tobacco smoke as a rule, but enjoys the perfume of the Carl Dunder. You are aware, aren't you, that Mr. Nelson has a FREE EMPLOYMENT OFFICE."

LEGAL ADVERTISEMENTS
Frimmer Land, Act June 3, 1878.
NOTICE FOR PUBLICATION.
UNITED STATES LAND OFFICE, Carson City, Nevada, August 31, 1903.
NOTICE IS HEREBY GIVEN THAT in compliance with the provisions of the Act of Congress of June 3, 1878, entitled "An act for the sale of timber lands in the States of California, Oregon, Nevada, and Washington Territory," Samuel Longmuth of Empire county, of Ormsby, State of Nevada, has this day filed in this office his sworn statement No. 69, for the purchase of the 1/4 of sec. 14 and s. 1/2 sec. 36 of Section No. 36, in Township No. 15 N. Range No. 18 E., M. D. M., and will offer proof to show that the land sought is more valuable for its timber or stone than for agricultural purposes, and to establish his claim to said land before the Register and Receiver of this office at Carson City, Nevada, on the 11th day of November, 1903.
He names as witnesses:
John G. Edin of Carson City, Nevada.
Wm. W. Coleman of Carson City, Nevada.
Andrew Gray of Carson City, Nevada.
Fred O. Waldron of Empire, Nevada.
Any and all persons claiming adversely the above-described lands are requested to file their claims in this office on or before said 11th day of November 1903.
G. H. GALLUP, Register
Date of first publication: Sept. 4, 1903.

ANNUAL MEETING.
The stockholders of the California Flax Seed Company are hereby notified pursuant to the By-Laws of said company that the annual meeting of its stockholders will be held in its office, in J. J. Quinn's store in block P, Reno, Washoe county, Nevada, on MONDAY, the 26th day of AUGUST, 1901, at the hour of 2 p. m., for the election of five trustees to serve for the ensuing year and transact such other business of said company as may lawfully come before said meeting.
J. J. QUINN, Secretary.
Reno, August 7 1901.
POSTPONEMENT.
The date for holding the regular annual meeting of the Syrup of Figs Company has been postponed until Monday, October 7, 1901.

ALL AROUND THE STATE

A Few Gleaned Paragraphs of Nevada News.

Abe Wise of Battle Mountain won a house and lot in a raffle at Tonopah last week.

Austin has a thirteen-year-old shoe-maker. The young fellow knows how to get business, as he advertises for it.

The Nye county District Attorney receives only \$50 a month salary, gets that in scrip and waits seven years to get it cashed.

The Inyo Register says traffic on the Carson & Colorado railroad has increased to a volume that will necessitate running a daily train.

The Austin school muddle has taken another turn and County Superintendent Maestri has announced that Robert Pohl a school trustee, is not entitled to hold office as he has neglected to take oath of office prescribed by law. Pohl opposed the appointment of a trustee recently made by the County Superintendent and the matter is now pending in the Supreme Court. W. C. Gayhart has been appointed to fill the vacancy caused by the removal of Pohl.

FOUND AFTER MANY DAYS

Discovery of Rich Ledge in Plain Sight for Years.

This is an era of mine discovery in Nevada, and the strange thing about most of the newest and richest ones is that they have been run over for years and nobody thought enough of them to pay for an assay. The Austin Revelle thus tells of the latest.

Frank McMahon returned to Austin Monday afternoon from a short visit to Mids, Nye county. He says that before leaving Mids he was informed that a new ledge of gold-bearing ore had recently been discovered by Henry Lebeau but he, not thinking it of any value, failed to locate it, and some time after told A. J. Hawk of his find. The latter gentleman, being pleased with the prospect, located it. He had assays made of the ledge and they showed \$50 in gold and some silver. The ledge is fifteen feet wide and has been stripped for 150 feet. E. S. Nichols, a mining man of Kansas City, who recently went to Elsworth to examine Mr. Hawk's ore claims was greatly pleased with the new discovery and then and there made Mr. Hawk an offer for the same.

For 25 years the people of Elsworth have been traveling to and fro over this valuable ledge and when it was found the finder didn't think of it enough to locate, taking the gold he washed out of the ore to be mica.

HOW IT IS DONE.

The first object in life with the American people is to "get rich," the second, how to regain health. The first can be obtained by energy, honesty and saving the second, (good health) by using Green's August Flower. Should you be a dependent sufferer from any of the effects of Dyspepsia, Liver Complaint, Appendicitis, Indigestion, etc., such as Sick Headache, Palpitation of the Heart, Sour Stomach, Habitual Constipation, Dizziness of the Head, Nervous Prostration, Low Spirits, etc., you need not suffer another day. Two boxes of the well-known August Flower will relieve you at once. Go to Hodgkinson and get a sample bottle free. Regular size, 75 cents. Get Green's prize Almanac.

PIANOS ON EASY TERMS.

And at prices to suit any one. The prices range from two hundred and twenty-five dollars up—twenty-five dollars down and the balance in ten-dollar monthly payments.

These pianos are all fully guaranteed and have the latest improved action and are the style upright. No one on earth sells better pianos or better-toned pianos, or gives more value for the money than C. J. Brookins. Brookins has lived and sold pianos in Reno for thirty years. Why not buy your piano of Professor Brookins, who knows all about pianos and has made them a great study for thirty years? Call at 224 Virginia Street, C. J. Brookins' store.

FOR SALE.

Pianos of different styles and prices. The Wiley B. Allen Co. has just received a shipment of the finest pianos ever shipped to Reno for the price. Good people don't delay, now is the chance to get a nice piano from us. You can easily determine the proper firm to buy a piano from by calling and see for yourself.

THE WILEY B. ALLEN CO.
Sewing Machine Office, Opposite Block,
T. S. MCKINLEY, in charge.

Mathematical Accuracy

Easily secured if you have good instruments. We have a large stock of mathematical goods and drawing materials. Porteous Decorative Co.

MINING IN THIS STATE

Culled News of Nevada's Most Important Industry.

Ore shipments from Eureka county last week aggregated 144 tons and those from White Pine twenty-four tons.

The San Francisco Stock Exchange may list the Tonopah mines and give the public a chance to speculate in this new Comstock.

Tonopah mine lessees will probably ship ore to Tacoma, Washington, for reduction, as Selby's cannot handle the output from that district.

G. C. Snider has been elected a director in the Potosi mining company to fill the vacancy caused by death of Thomas Anderson.

Col. A. Q. Ellis, formerly a resident of Carson but now of Salt Lake City, recently visited Tonopah, where he is interested in mines. He believes that the new camp is destined to become one of the greatest mining towns Nevada ever boasted of.

At the April Pool, Manager Healy has encountered the sulphides at a depth of 300 feet, the ore showing a very satisfactory average. Through the mill he is now putting about 25 tons daily while opening up the ore bodies on lower levels.

The Saxton mine of the McKinley property at Ely, White Pine county, is being developed and a large area is being stripped. It is the intention of Manager W. N. McGill to sink a shaft, going down to a depth of 200 feet or more, before beginning to drift.

At the Magnolia, the new management has a small force cleaning up and preparing for energetic work, while otherwise the camp is quiet. Mr. Healy is accompanied by his wife and children, who will remain in Zion during the school term, if he does not locate his home permanently here.—Tribune.

The Delamar Company are rushing the tallings into the mill at the rate of about 20 tons and contracts are developing the mine at the Hog Pen. We understand a chiller mill (3 wheel grm) is to be put in and experiments on low grade ore will be prosecuted, and if successful a number of the mills will be established and work prosecuted that will require more men and miners, all of which we are glad of as it will likely make our camp lively again.—Eude.

STOOD DEATH OFF.

E. B. Lundy, a lawyer of Henrietta, Tex., once fooled a grave-digger. He says "My brother was very low with malarial fever and jaundice. I persuaded him to try Electric Bitters, and he was soon much better, but continued their use until he was wholly cured. I am sure Electric Bitters saved his life." This remedy expels malaria, kills disease germ and purifies the blood; aids digestion, regulates liver, kidneys and bowels, cures constipation, dyspepsia, nervous complaints, kidney troubles, female complaints, gives perfect health. Only 50 cents at S. J. Hodgkinson's drug store.

A SHOCKING CALAMITY.

"Lately befell a railroad laborer," writes Dr. A. Kellett, of Williford, Ark. "His foot was badly crushed, but Buckley's Arnica Salve quickly cured him. It's simply wonderful for Burns, Boils, Piles and all skin eruptions. It's the world's champion healer. Cure guaranteed. 25 cents. Sold by S. J. Hodgkinson, druggist.

NIGHT OF TERROR.

"Awful anxiety was felt for the widow of the brave General Burnham of Machias, Me., when the doctors said she would die from Pneumonia before morning," writes Mrs. S. H. Lincoln, who attended her that fearful night, but she begged for Dr. King's New Discovery, which had more than once saved her life, and cured her of Consumption. After taking, she slept all night. Further use entirely cured her. This marvelous medicine is guaranteed to cure all Throat, Chest and Lung Diseases. Only 50 cents and \$1 Trial bottles free at S. J. Hodgkinson's drug store.

WORKING NIGHT AND DAY.

The busiest and mightiest little thing that ever was made is Dr. King's New Life Pills. These pills change weakness into strength, listlessness into energy, brain-fog into mental power. They're wonderful in building up the health. Only 25 cents per box. Sold by S. J. Hodgkinson, druggist.

A GENTLE HINT.

In our style of climate, with its sudden changes of temperature—rain, wind and sunshine often intermingled in a single day—it is no wonder that our children, friends and relatives are so frequently taken from us by neglected colds, half the deaths resulting directly from this cause. A bottle of Boschee's Gorman Syrup kept about your house for immediate use will prevent serious sicknesses, a large doctor's bill, and perhaps death, by the use of three or four doses. For curing Consumption, Hemorrhages, Pneumonia, Severe Coughs, Croup, or any disease of the Throat or Lungs, its efficacy is simply wonderful, as your druggist will tell you. Get a sample bottle free from Hodgkinson. Regular size, 75 cents. Get Green's Prize Almanac.

SYRUP OF FIGS

NEVER IMITATED—QUALITY.

An Excellent Combination.

The pleasant method and beneficial effects of the well known remedy, SYRUP OF FIGS, manufactured by the CALIFORNIA FIG SYRUP CO., illustrate the value of obtaining the liquid laxative principles of plants known to be medicinally laxative and presenting them in the form most refreshing to the taste and acceptable to the system. It is the one perfect strengthening laxative, cleansing the system effectually, dispelling colds, headaches and fevers gently yet promptly and enabling one to overcome habitual constipation permanently. Its perfect freedom from every objectionable quality and substance, and its acting on the kidneys, liver and bowels, without weakening or irritating them, make it the ideal laxative.

In the process of manufacturing figs are used, as they are pleasant to the taste, but the medicinal qualities of the remedy are obtained from senna and other aromatic plants, by a method known to the CALIFORNIA FIG SYRUP CO. only. In order to get its beneficial effects and to avoid imitations, please remember the full name of the Company printed on the front of every package.

WHAT IRRIGATION WOULD ACCOMPLISH

Large Tracts of Land Near Reno That Water Would Render Productive.

Within the past week several government officials have visited this section in the interest of the proposed irrigation work that will be done here by the Federal Government.

It is apparent that the proposition of watering our desert lands is being seriously considered by the powers that be.

Although The Journal is not at liberty at this time to make public the source of its information, it has been learned from an authentic authority that within the next year or two a storage reservoir and a system of irrigation canals will be constructed at the expense of the national treasury.

Should the work be on the upper Truckee and its tributaries the advantages which would accrue to Reno are almost beyond estimate.

The main stream and its principal tributaries are so environed by high natural walls and spread over natural basins, that the construction of restraining walls would be a simple and comparatively inexpensive task.

The waters could be impounded at such an elevation that vast tracts of fertile soil in this vicinity could be easily reached.

The Truckee Valley is now well taken care of by existing irrigation systems, but north of Reno are a number of valleys that are fertile but arid. The

sturdy growth of sagebrush is evidence that all the land needs to be productive is the magical touch of water.

Spanish Springs Valley has been for some years partly irrigated and the experiment assures that if ditches could be built above the level of the entire plane of the mountain-locked tract it would become one of Nevada's garden spots. The same is true of Prosser Valley.

Immediately north of Reno is the broad sweep of Lemmon's Valley, where thousands of acres of land would be producing fruits, hay and grain if watered. Then comes Desert Valley, where the sagebrush grows six feet in height. From this valley there is a natural grade to fertile Warm Springs Valley.

These are only a few of the vast tracts that would support a large population if watered.

Near Wadsworth on the road to Pyramid Lake is a tract several miles in width and many miles in length, where the rich soil is of unknown depth and where semi-tropic meteorological conditions prevail.

All this country, with the dimensions of a good sized county, would support a population of prosperous thousands, were only the storm waters of the Truckee held back for a few months to be poured over a thirsty and pregnant soil.
